### **FOR IMMEDIATE RELEASE**

## **MXL® Announces Volume-Production Pricing on V88 Microphone**

*The famously flexible condenser V88 mic will be offered at \$199.99 for a limited time.*

El Segundo, CA, January 15, 2009 – MXL® Microphones the professional audio division of Marshall Electronics, announces new pricing on its MXL V88 condenser microphone. The new pricing is a major advantage to professional musicians and enthusiasts seeking a high quality and affordable studio condenser microphone.

The MXL V88 has gained a reputation as one of the most transparent sounding condenser studio mics ever produced. Even seasoned artists and voiceover talent are astounded by the rich, warm tonal quality the MXL V88 offers on vocal recordings, overhead drums, piano, guitar, and more.

MXL emphasizes that the V88 is an extremely flexible microphone that offers outstanding performance for all kinds of applications and settings. According to the company, the V88 is perfect for vocal recordings for singers, rappers, broadcasters and podcasters; artists can also combine MXL V88 microphones for precise stereo recordings of overhead drums and brilliant sounding piano and instrument recordings. Surround sound recordings can even be achieved with five MXL V88s for L, R, C, RS, LS.
